**35 USC 112, Second Paragraph**

**Claims are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.**

In claim 24 etc. the recited "following curing of the substrate layer ...." is unclear terminology as to what applicants are intending. Since the substrate layer is claimed as uncured etc. the curing process thereafter lacks antecedent basis.
